SNP UNIVERSE

Bridging Smart, Nature & People

Connecting Real-World Assets & Lifestyles through
Blockchain Transparency.

WHERE EVERY PET HAS AN IDENTITY, EVERY OWNER HAS PEACE OF MIND

What is PAPT?

We are PAPT foundation (Pet A PeT) with companion animal.

The SNP Universe (**Smart, Nature, People**) represents the next evolution of the blockchain-powered lifestyle and authenticity ecosystem — where real-world actions, assets, and identities are seamlessly connected to digital value and ownership through the AOK Network and the PAPT token.

Our foundation is the specialized group of who can solve the social problem in peoples and pet. PAPT foundation has two major goal.

01

Solve the social problem related with pet through fair blockchain.

02

Operating total platform including pet caring business for pet and owners.

Smart Verification
Traceability & Authenticity.

THE BIG PICTURE

Connecting the Physical World to Web3

Connecting the Physical World to Digital

To build the leading interoperable blockchain ecosystem where verifiable real-world actions (lifestyle, care) and physical assets (products, pets) are seamlessly connected to digital ownership, authenticity, and sustainable rewards via the AOK Network.

We are solving the global crisis of trust by giving every physical object and responsible activity a verifiable, immutable digital identity.

THE SOLUTION

Real World x Blockchain

SNP UNIVERSE is a unified Web3 ecosystem connecting physical and digital identities, powered by the AOK Network and PAPT Token.

Bridge The Gap

At its core, SNP Universe is designed to bridge the gap between the physical and digital worlds, transforming how humans interact with technology, nature, and everyday life.

The ecosystem began with **CyWalk**, **MGM**, and **Bibliever** — applications that reward healthy living, eco-friendly behavior, and spiritual engagement through the Green Mining mechanism, where positive lifestyle activities generate real digital assets in the form of PAPT tokens.

THE PROBLEM

The Growing Crisis

A Global Pet Welfare Crisis
Demanding Immediate Action

Problem Area

Counterfeiting & Falsified Data

Pet & Animal Welfare

Lack of Green Incentives

The Cost & Impact

Over \$500 Billion lost annually to counterfeit goods, eroding brand trust and consumer safety.

High rates of illegal pet abandonment and difficulty tracking health records, genealogy, and ownership due to fragmented, non-standardized systems.

Existing systems fail to transparently and effectively reward users for ethical consumption, sustainable living, and health-positive behaviors.

\$500

LOSS TO GLOBAL COUNTERFEITING.

A Transparent And Fair Management

PAPT token contribute to solve the problem through blockchain and verifying the steps of problem with transparency and clear. Platform of PAPT will expand to all pet owners, service provider and producing facilities. We make effort to establishing global community.

In addition, PAPT foundation will expand affiliate and partnership through active MOU attempt. If MOU succeed, PAPT token will used as payment method in affiliate.

REVENUE MODEL & MONETIZATION

Diverse & Sustainable Revenue Streams

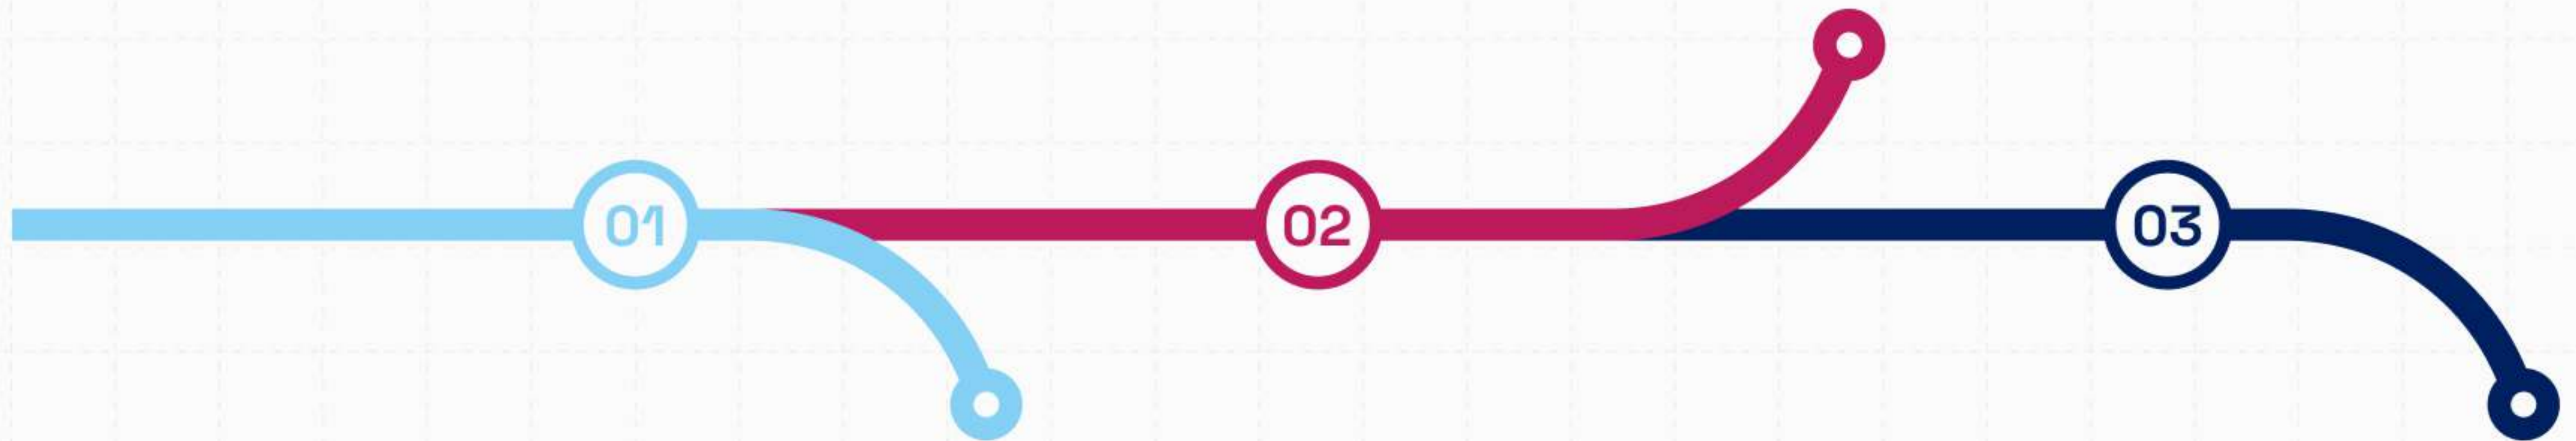

Generating revenue from the ecosystem's utility and high-value B2B services.

Clear Path to Mainnet & Global Adoption

- Develop the DD.Pet mobile app with NFTTAG scanning, registration, and database linkage.
- Deploy 500 pilot tags for pets and elderly-care users. Integrate wallet support.

PHASE 2 – MVP DEVELOPMENT Q2 2025 (Month 4–6)

PHASE 1 STRUCTURE DESIGN & POC Q1 2025 (Month 0–4)

- Define NFTTAG–DD.Pet structure and build prototype (PoC) on AOK testnet.
- Complete MVP for NFTTAG issuance, registration, and traceability on DD.Pet app.

PHASE 3 – AOK MAINNET INTEGRATION Q2–Q3 2025 (Month 6–7)

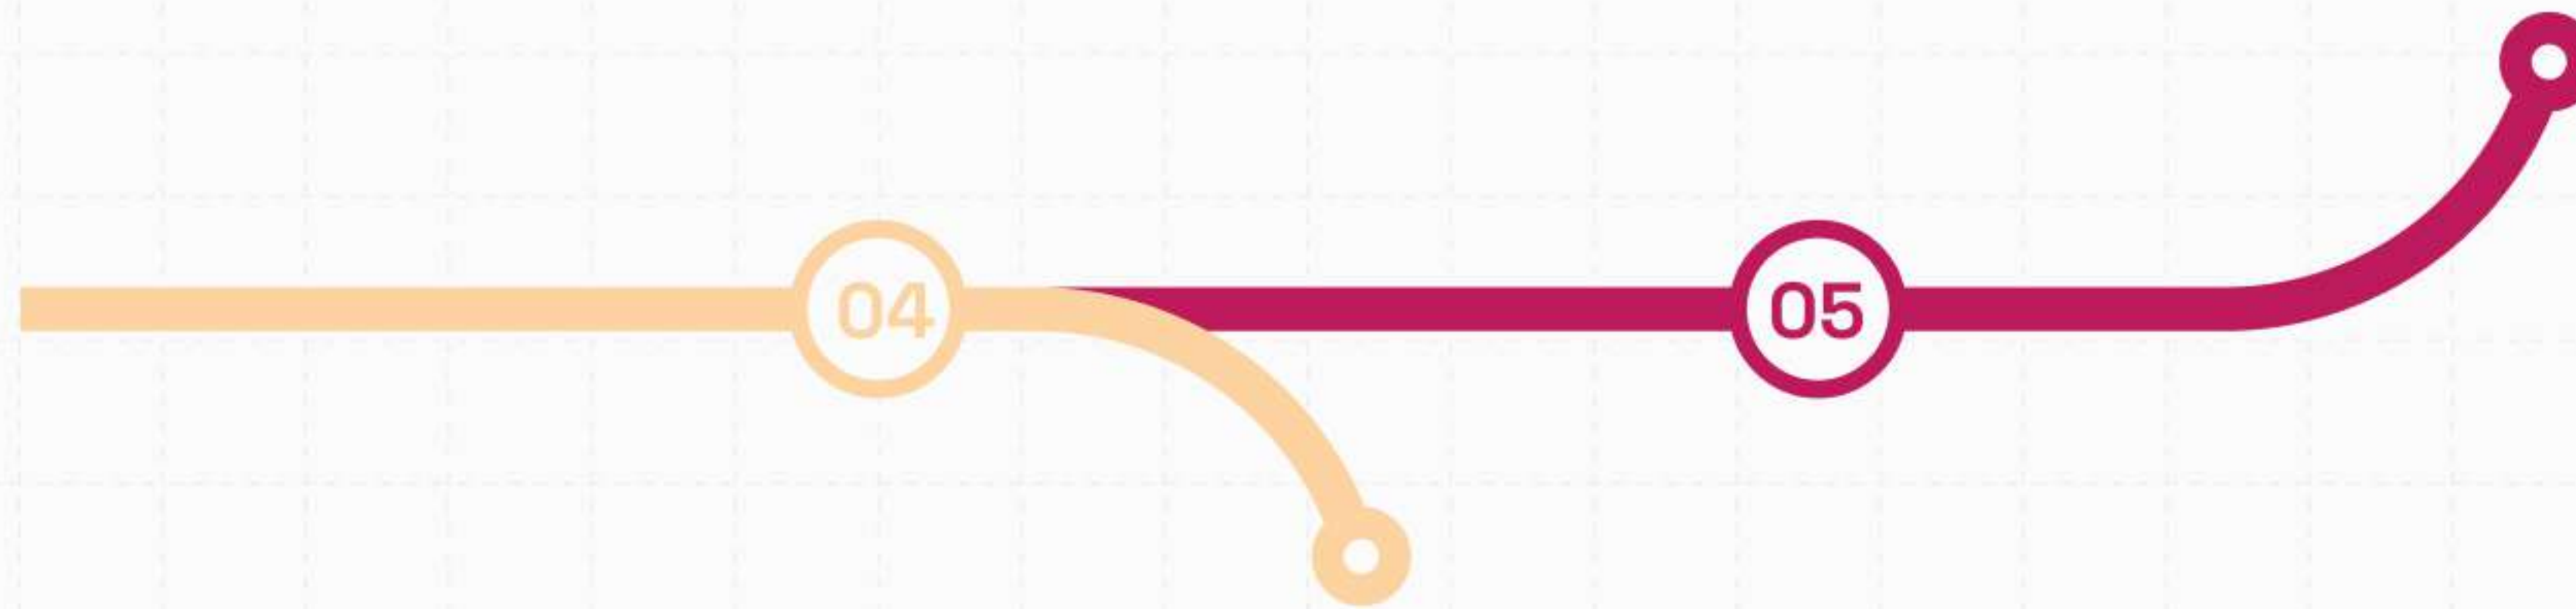

- Full migration to AOK mainnet; integrate PAPT wallet and staking system.
- Establish NFT minting and verification modules on-chain.

12-MONTH ROADMAP

Clear Path to Mainnet & Global Adoption

- Introduce premium NFT certification, insurance-linked traceability, and data analytics.
- Achieve 10K monthly NFTTAG issuances and expand to global partners.

PHASE 5 – MONETIZATION & GLOBAL GROWTH
Q4 2025 (Month 9–12)

PHASE 4 – MARKET & PARTNER EXPANSION
Q3 2025 (Month 7–9)

- Publicly launch DD.Pet brand and secure B2B/B2G partnerships.
- Sign 5 MOUs with pet brands, IoT suppliers, or local governments.
